### Swamiji of Suttur Mutt belongs to Universe

Smile is the best way of donation, said Mohammed Kunji, Manager, Shanthi Prakashana, Mangaluru. Addressing the religious meet he stated that Swamiji of Sutturu is not limited to a single religion but belongs to the universal religion.

No Religious Leader speaks of protecting God but they preach about how a man should lead his life in the path of Dharma. The castes are many but all

religion speaks of harmony. Communication gap between religions has lead towards division of people.

Every man who teaches religion teaches it through a smile as smile reduces the communication gap among people.

In Mutts like Sutturu Politicians should take initiation to conduct religious meet so that people's way of thinking

about religion can change. best work a person can do is to make everyone happy. He added.

### Religion leads one towards truth

God, Nature and Man are integral part of universe, said Rev.Fr.Stanley D.Almeda, St.Jospeh's Church, Mysuru at the religious meet held at Sutturu Jathra Mahotsava Understanding the religion and knowing its importance

is very much necessary in current world.

Religion is a thing which leads people from darkness to light, false to truth and death to life.

God is one creator with many names. All the religion preaches same message: man should live in harmony and understanding.

Dharma is to keep ourselves physically, spiritually and mentally fit. Religion is the only way which will lead us to truth and peaceful life.

Man should not quarrel in the name of Dharma as Dharma is truth, he said.

### Spirituality should be there in Politics

"Spirituality should be there in politics but politics

should not be there in spirituality" said D.V.Sadananda gowda, Union Minister for Chemicals & Fertilizers.

Addressing the religious meet he said that there is Universal Spirituality in Jathra Mahotsava, all the three pontiffs focused on universal spirituality but not on any religion.

Without punishment, without law are the main policy of Sutturu, through this systematic process they are focusing on welfare of the society.

All the programs organized in the sutturu Jatra Mahotsava gives pleasures to the mind and also it spreads equality in the society, he opined.
