JSS for Educational Revolution : Veerappa Moyli

Sutturu: With the help of Sutturu Sri and JSS Educational Institute, educational sector have made a revolution in 21st century says, Former Chief Minister and Former Union Minister, Veerappa Moyli while delivering his speech at Gadduge.

Jathra Mahotsava gives importance to the rural development. The Krishi Mela is very useful for farmers and people; it also gives knowledge about modern technologies in agriculture and to grow crops in large scale. He also said that fairs like this leads to experimental and technological development in the rural areas.

He also quoted saying of Gandhiji, "Love every culture and live in your culture". He believes that by loving and living in our culture will lead

us to an ideal society. This type of ideal society is seen in the Sri Mutt, who provides free

education, food and shelter to the orphans. He concluded his speech by saying institution

like JSS is rare to be seen in the world as this institution will bring peace and good

educational environment to the progress of students in Sutturu.

Karthru Gadduge

Sutturu: Punarprathistapana Pooja of Sri Nanjundeswara, Nandi and Vinayaka took place at Karthru Gadduge yesterday. The preparations were going on from the previous day. Many kinds of flowers are used to decorate the Gadduge. As the previous temple was not in a good condition, the idols were kept behind the Gadduge for offering the prayers. Now a new temple is constructed where the idols are

reinitiated to the left of Gadduge. Around 70-80 priests have come from different places to be a part of this auspicious ceremony. This process began with Ganga pooja and played instruments in the background. It ended with Mahamangalarathi to the deity of Sri Adi Jagadguru Sri Shivarathreeswara Shivayogi Mahaswamiji and the distribution of prasada to the devotees. - Vinya.S.P

Steel plates replace plastic for Eco-friendly Environment

Tasleem new Mayor of Mysuru City Corporation (MCC) and K.V. Mallesh receiving blessings of Jagadguru Sri Shivarathri Deshikendra Mahaswamiji.

Suttur: In current Suttur Jathra Mahotsava Steel Plates are being provided to the devotees to consume food. Because the plastic plates were being harming to the environment directly as well as indirectly, hence forth the new idea of introducing the steel plates was to curtail and say no plastic plates.

The steel plates are transported from JK Steel Industries, Gujarat and Aluminum Vessels from Sri Bhagyodaya Metal Private Limited, Rajasthan.

Totally 46,000 steel plates have been brought. These plates weighed 14 tonnes and were carried by VRL from Gujarat to Suttur. This idea will bring down the usage of plastic and create awareness among the people besides making good impact on nature.
